

The screenshot displays a Windows desktop environment. In the background, a network packet capture analysis is visible, showing a series of 'Reply from 192.168.1.205' and 'Reply from 192.168.1.200' packets. The foreground features a service portal interface with a sidebar on the left containing options like 'Paid Service', 'Technical Support', 'All Ticket', 'All Tracking', 'Pre Dispatch', 'Demo Test' (highlighted in red), 'Feedback Request', and 'Reports'. The main content area shows a table with columns: 'Sr. No.', 'Product Category', 'Product Name', 'Test Name', 'Test Result', and 'Action'. The table contains one entry for 'TEST1' with a product name of 'serial to Ethernet' and a test result of 'Configuration_of_serial_to_Ethernet_KSH_with_RS485.pdf'. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 13:32 on 13-01-2023.
